## **Alchimie Forever**

### **Rejuvenating skin care masks use natural ingredients**

Alchimie Forever offers another option in rejuvenating skin care masks: the new Kantic Mask. The mask contains ingredients based on iron chelators present in blueberries. According to the company, blueberries help prevent the formation of free radicals and are also considered vascular protectants, therefore, making them ideal to calm rosacea-prone skin. Alchimie Forever's skin care line differentiates itself from other medically-formulated skin care products through its combined use of natural antioxidants.
