

# INSIDER'S PICKS

She runs the Argyle Salon & Spa, Hollywood's new ultraplush relaxation retreat (there are huge, soundproof treatment suites, each with its own minibar, plasma television, and 98-gallon soaking tub), so Britney Huinker is an expert on all things indulgent and feel-good. "I like anything that makes me feel spoiled," she says. Here, her latest luxuries:

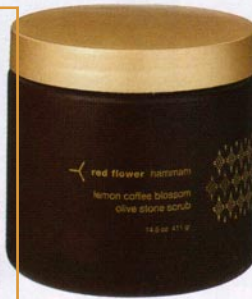

**ALCHIMIE FOREVER**  
**DIODES** "These skin-tightening serums give you that post-facial glow. I always use them before a big night out."  
**\$85, ALCHIMIE-FOREVER.COM**

**DAYNA DECKER CANDLE**  
**IN AMARYLLIS** "When it's lit, the candle's wooden wick continuously crackles like a slow-burning fireplace."  
**\$52, SHOP.FREDSEGALBEAUTY.COM**

**ARGYLE MOCCA D'OR OIL** "The best massage oil, in our spa's signature scent—a rich combination of cocoa and coconut. It absorbs deeply and is so soothing."  
**\$30, ARGYLE, 310-623-9000**

**RED FLOWER HAMMAM LEMON COFFEE BLOSSOM OLIVE STONE SCRUB**  
 "The detoxifying blend of coffee, black olives, almonds, and orange peel is incredible for sore, overworked muscles."  
**\$62, REDFLOWER.COM**
