

Star Skin Smoother

WHERE: The Spa at Shooting Star at Teton Village, WY (shootingstarjh.com)

OWNER: Shooting Star Jackson Hole

DESCRIPTION ON MENU: Restore your skin's softness and silkiness with a body polish and milk bath. This softening, nourishing body treatment restores your skin's comfort, hydration levels, and softness. Featuring Alchimie Forever, this treatment begins with a complete body polish to exfoliate and remove dead cells. A milk bath in the unique Japanese soaking tub featuring Helium body conditioner nourishes the skin while alleviating signs of aging and

reversing free radical damage. Perfect for dry, dehydrated skin. It's ideal for combating the dry mountain air. Enjoy solo or as a couple.

WHY IT'S A WINNER: "The area we live in is known for the mountains and snow, which means high altitude, dry and extreme temperatures," says Sarah Hodges, spa director. "This treatment brings the skin back to a hydrated state and reveals healthy new skin while also protecting against the elements."

LENGTH OF SERVICE: 60 minutes or 90 minutes, which includes 30 minutes of massage

PRODUCTS USED: Alchimie Forever

WHO PERFORMS IT: Body worker therapist

HOW IT'S MARKETING: Spa's website
