Small but mighty, blueberries have earned hero status with their wealth of antioxidants—vitamins C and E—which help fight signs of aging. With new products targeted for eyes, face, hands and body, it's easier than ever to reap the super-fruit's benefits from head to toe. *FLARE* picks: Yes to Blueberries Eye Firming Treatment, \$22. Alchimie Forever Brightening Moisture Mask, \$65. Fruits & Passion Blueberry Nourishing Butter, \$22.
